

"Pass-n-Play" Sessions

"Pass and Play" sessions are a unique opportunity to operate one track as Race Practice.

During these sessions there are no passing restrictions, giving you the chance to practice running in tight quarters with fellow racers.

Due to these liberal rules an ACC Competition License is required.

Limit 10 cars on track at any given time. This will be handled on a first come-first serve basis for each group. Once we have reached the limit the next car will be held until cars on track begin to pit. These sessions are 40 minutes long, if demand requires it we will bring in cars that have been out for 20 minutes to accommodate those who are waiting.

8:30 AM	9:10 AM	Spec Miata
9:10 AM	9:50 AM	GT Challenge
